

# DARK WOODS COFFEE FUNDRAISER

Dark Woods Brewing and Coffee Roasting is a small-batch coffee roastery based in Innisfail, Alberta. We focus on providing custom-roasted coffee beans and quality craft brews. As a small business, we are committed to being an active force in our community for positive change by supporting our fellow citizens through endorsing local activities, sports and events!

Here's how fundraising with us works! First, you'll give your biggest supporters, either your family and friends or other community members, a call about supporting you in your fundraising efforts. Next, you'll let them take a look at the Dark Woods products you have to offer and they'll place their order with you. Once you submit your order and payment to Dark Woods, we will get the order ready for pick up. Dark Woods will then send you or your team 20% of all sales.

Our coffee beans are ethically and sustainably sourced from countries from around the globe. We custom-roast each batch to perfection, meaning you get the perfect tasting cup every time! If there is something not on the order form, please let us know and we will make arrangements.
